BIOGRAPHY & DISCOGRAPHY  
DJ, PRODUCER, MAINACT

Oliver Pum was born in Austria in 1993. His musical career started at the tender age of just ten years old when he became a drummer in a heavy metal band. What followed was an extraordinary career as DJ and producer.

## **DJ, PRODUCER, MAINACT**

While he mastered his sound design studies based in London, Oliver worked day and night on tracks leading him to reach a brilliant musical hit in 2014. The song called „The One“ topped the charts in Germany, Austria and Switzerland. In the wake, he staged concerts as DJ throughout Europe and in doing so always won over audiences with his unique shows. From the first few seconds onwards he captivated people with his energy.

In the meantime, Oliver Pum has become more than a one man show. Backing him up is a team of eight, which has made it its purpose to create something that has not been there before yet.

Through effort and a lot of discipline the project grew continuously and recently the hard work paid off when it was recognized internationally.

## INTERNATIONAL SUCCESS AND REFERENCES

Oliver Pum has published two singles so far, which both have reached the Top 20 of the Austrian Charts. His first album will be released in November 2016.

„Building Bridges“ - that is the title of the opening song for the Eurovision Song Contest 2015 (contributed by Conchita Wurst, Left Boy, Wiener Sängerknaben and many more), for which Oliver Pum was heavily involved as producer and it is said to have been one of the most impressive openings in the history of this world's biggest musical competition.
